AURORA

Machinemade in England of 100% sulphite, neutral pH, no deckles. This sheet was created exclusively for Legion Paper using a one-of-a-kind wire embossed finish that enhances Aurora's lustrous color palette. The sheet's glistening effect is created by infusing the pulp with pure mica dust, producing a fabric-like feel on both sides of this truly unique paper.

BERTINI

Machinemade in Italy by Bertini, printed offset on 100% sulphite base stock, no deckles. This extensive line of decorative papers was inspired by traditional Florentine designs of the Renaissance but also includes contemporary alternatives with more modern and innovative subjects. The sheets are produced by offset printing techniques. This process can include up to 6 colors plus the use of powdered gold, which is added in the final printing stage and is unique to the Bertini papers.

W o o l

Like warm clothes in winter the new Wool paper comfortably enhances, wraps and layers your creative projects. The wool and cotton fibers produce a distinctive texture and a unique tactile quality. Contains up to 15% cotton fiber. Suitable for all printing processes including offset, letterpress, silkscreen, foil-stamping and thermography.

J e a n s

Boutique Jeans gives a casual touch to a creative idea. The mainstay denim fabric is strong and easy to wear. It is an undisputed mark of the last two centuries. Jeans paper contains up to 15% cotton fiber and has a genuine felt mark on both sides. It is available in three shades and has the conventional features of denim thanks to a unique surface treatment. Suitable for all printing processes including offset, letterpress, silkscreen, foil-stamping and thermography.

CANALETTO

Machinemade in Italy, neutral pH. Caneletto is made with 20% cotton, making this grade an elegant product with a very pleasant touch. It offers excellent dimensional stability and is particularly suitable for embossing. The sizing on its surface gives high colour definition and sharpness for 4-color process.

CORKSKIN

*Handmade in Portugal, no deckles. This exciting decorative paper is handmade in Portugal of thin layers of natural cork laminated to a coated, colored base paper. While the cork is neutral pH, the base paper is not. Beyond its inherent versatility, it is one of the most environmentally sensitive materials available. Corkskin is used for end papers, book covers and many other decorative applications. **29 1/2" wide rolls available on special order – please inquire.***

FRENCH MARBLES

*Machine-marbled in France on a ingres or bond paper base stock, no deckles. These patterns originate from the 15th and 16th centuries when marbling was first invented, in Persia. The French perfected the process and used it extensively in the 18th and 19th centuries for the endleaf and outer bindings of books. There are three basic formations: the "marble," the "swirl" and the "feather." **Rolls available - special order.***

IYO GLAZED

Handmade in Japan of 100% sulphite, lightly sized, 4 natural deckles. Iyo Glazed has an unusual surface characteristic for a Japanese paper, one side of the paper is quite smooth, while the other is slightly rough. The smooth side works well for pen and ink, painting, wood block and other printmaking techniques. The rough side is good for pencil drawing.

LEGION ART COATED COVER

Machinemade in the USA of 100% sulphite, neutral pH, no deckles. Legion Art Coated Cover has a matte coating on both sides that allows ink to "sit up" on the surface. It is manufactured from the highest grade of alpha cellulose fibers (non-rag) and is buffered with calcium carbonate to ensure longevity. The addition of this coating allows for faster make-readies. It has a wonderful feel, which suits a quality fine art paper.

ROSSI DECORATIVES

Machinemade and offset printed in Italy on 100% sulphite stock, no deckles. Rossi has been producing high quality, finely printed decorative papers since 1931. The mill purchased La Dordoni, a museum in Milan that houses over 6000 decorative papers, invitations and stationery, many of which date back to the Renaissance. The museum's collection provides a source for reproductions of these traditional designs.

SEKISHU

Handmade in Japan from a mix of kozo/sulphite, neutral pH, 4 deckle edges. Sekishu is a large sheet with a pronounced laid pattern. It is thin, wispy and delicate in feel. It has great wet strength for its weight and is an excellent sheet for traditional Asian painting techniques. It also works well for collage and as a chine colle paper for intaglio printmaking.

STONEHENGE

*Machinemade in the USA of 100% cotton, neutral pH, 2 natural deckles, 2 cut edges. Stonehenge rivals the European mouldmade papers with its ability to produce excellent results in a variety of printmaking techniques. In addition to intaglio and silkscreening, Stonehenge can be used with colored pencil, charcoal, pastels and watercolors, and has been successful with offset litho printing. *Black, Fawn, Pearl Grey, Kraft, and Steel Grey may have slight variations in color from one side of the sheet to the other. Also available in rolls, pads and spiraled journals. See pages 56 and 61.*

THAI HANDMADE PAPERS

Thai handmade papers each available in various colors and sizes. The sheets are made from 100% kozo fibers with various inclusions (such as flowers, leaves, straw and rice). Books, greeting cards, stationery, and many other items can be made by using these papers. Thai handmades can be printed, painted, dyed and embossed, thereby producing a myriad of distinctive giftware products.

BAMBOO W / STRAW CONFETTI

Handmade in Thailand of 100% kozo, neutral pH, 4 natural deckles. A cream base stock with inclusions of small strips of bamboo & rice straw.

K90-THAHHM70104		CREAM	65	22 X 30.5	63	10	5.77 SHT
-----------------	--	-------	----	-----------	----	----	----------

BEECH LEAF

Handmade in Thailand of 100% kozo, neutral pH, 4 natural deckles. An off-white base stock with large white leaf inclusions.

K90-THAI-LEAF		OFF-WHITE	90	25 X 37	119	10	9.24 SHT
---------------	--	-----------	----	---------	-----	----	----------

INCLUSIONS

Handmade in Thailand from 100% kozo, 4 natural deckles. A very textured white base stock with a variety of different Thai flower & botanical inclusions. (Bougainvillea petals)

THAI METALLIC CRINKLE

Machinemade in Thailand of 100% kozo, no deckles. The white base sheets are coated with metallic gold, silver, copper or bronze paint and then hand-creped. The finished sheet has a luminous brushed finish and wonderfully pliant feel. It is most suitable for bookbinding, collage, and decorative purposes.

K90-THAIMETCKC		COPPER	40	21.125 X 30	36	10	3.27 SHT
K90-THAIMETCKS		SILVER	40	21.125 X 30	36	10	3.27 SHT

THAI REVERSIBLE

Machinemade in Thailand of 100% kozo, no deckles. Thai Reversible is made from two contrasting sheets of Unryu or Chiri that are hand-laminated together and then hand-creped. They offer two color choices in one for bookbinders, collage artists, and crafters. These papers are rough textured and fibrous, yet easy to handle when gluing to other surfaces.

K90-REV1864		COPPER/NATURAL	50	23 X 35	56	10	7.14 SHT
