LEGION PAPER NAMED EXCLUSIVE IMPORTER OF MIRRICARD

A uniform, crystal-clear surface producing a true mirror reflection

NEW YORK, NY (May 1, 2008)- Legion Paper, the largest supplier of fine art paper in North America, announces today that it has been selected as the exclusive US Importer of *Mirricard*, a broad range of mirror-like, metalized paper.

Manufactured by Celloglas in the UK, *Mirricard* is best known for its uniform, crystal-clear surface producing a true mirror reflection. Its consistency of color is far superior to anything available.

The *Mirricard* range consists of nine colors available in both a **12pt (270gsm)** card stock and a thinner **4pt (100gsm)** known as *Mirriwrap*. Legion Paper will also be importing a heavier **16 pt (370gsm)** card stock in silver for truly spectacular packaging uses.

“We are very excited to offer this unique product to the US market,” says Michael Ginsburg, president of Legion Paper. “The quality of the *Mirricard* papers are unrivaled. The vivid colors are literally embedded into the film to prevent any scratching or flaking.”

Market applications are varied, including **packaging** for cosmetics, perfumery, spirits, DVD Cases and software; **stationery & announcements**; and Point of Purchase **displays**. The thinner *Mirriwrap* is ideal for **envelope liners** and packaging.

Mirricard can be printed using a variety of processes such as letterpress, screenprinting, foil stamping, embossing, debossing and offset.

About Legion Paper

Legion Paper is the largest supplier of Fine Art, Museum Mounting Board, Decorative and Digital Art Papers in North America, stocking over 3500 papers from over 50 mills worldwide. The company works closely with their suppliers to develop unique products and have assembled the finest collection of papers ever offered by one company dedicated to fine art papers. Legion Paper remains steadfast in its commitment to customer service and the ability to stock its full range in both its East & West Coast warehouses.
