STONEHENGE GETS WIRED

New spiral bound journals with America's #1 drawing paper

New York, NY (September 7, 2010) – Legion Paper, the leading supplier of fine art paper in North America, introduces Stonehenge Wired, a new family of spiral-bound journals.

“The new Stonehenge Wired spirals satisfy the artist’s desire to have a portable journal for their drawings while offering them the same great paper that has become the standard for quality, consistency and performance for a variety of fine art applications since 1973,” said Michael Ginsburg, President, Legion Paper. “The journals are perfect for visual and travel journaling and the 32 pages allows for a title page and one sheet for each day of the month.”

There are many unique features to the Stonehenge Wired journals: The naked, unfinished 70pt. front and back cover invites the versatility of personalization by the artist. The covers fold back easily, allowing the journal to lie perfectly flat for easy balancing and grasping. The black heavy-duty, double wire-O binding and format allows for sticker inclusions or additions (collage material) such as small travel brochures, postcards or maps.

Stonehenge Wired is available in 5 sizes: 7” x 7”, 9” x 12”, 11” x 14”, 14” x 18”, 6” x 15”. The 7x7 size is ideal for travel; easy to carry and store. The square format is perfect for both landscape and portrait renderings and drawings. The 6x15 size gives ample expanse for landscape views without interruption of gutter space. It is also the ideal size that lends itself to vertical fashion drawings and finished presentations. All of the pads are spiraled on the short dimension.

Manufactured in the USA, Stonehenge is a 100% cotton, 250gsm (90lb cover) paper that was introduced in the early 1970’s and quickly became the number one American fine art paper used by artists in all genres, from colored pencil and silverpoint to pastels and letterpress. Featured in limited edition collections and endorsed by hundreds of artists and organizations, Stonehenge sets the standard for high-quality yet affordable fine art paper.

Stonehenge Wired journals are currently available in both Legion Papers’ East and West Coast warehouses. Stonehenge is also available in a variety of deckled sheets and rolls in seven colors of various sizes and weights, as well as tape bound pads. For more information please visit www.legionpaper.com.

About Legion Paper

Legion Paper is the largest distributor of Fine Art, Museum Mounting Board, Decorative and Digital Art Papers in North America, stocking over 3500 papers from over 50 mills worldwide. We work closely with our suppliers to develop unique products and have assembled the finest collection of papers ever offered by one company.
